

Sustainability Transitions: Challenges and Innovative Solutions

International Scientific Conference

University of Sopron, Alexandre Lamfalussy Faculty of Economics

23 November 2023, Sopron

Formal and structural requirements for abstracts

Submissions for conference publication must adhere to the following formatting and editing. **Final submission deadline for abstracts: 10 November 2023.** Please submit your abstract by email to resperger.richard@uni-sopron.hu

Formal requirements:

1. Check abstracts for spelling and grammar before submission.
2. Submit abstracts in **Microsoft Word** format. Use **2.5 cm margins** on all sides, size **12-point Times New Roman** font, and **justified 1.0 line spacing**. The abstract should not be more than **200 words**.

Structural (content) requirements:

1. **Title** – Titles of Hungarian and German articles must also be in English.
2. Name, institution, academic position of the **author(s)** – also in English for Hungarian and German articles – and author e-mail addresses. Indicate the corresponding author.
3. *The abstract contains the study objectives, methods, main results, and conclusions.*
4. Hungarian and German articles must also have an abstract in English. Ensure the English abstract is a linguistically correct translation of the Hungarian (or German) abstract.
5. Maximum 5 **keywords** – also in English for Hungarian and German articles – and **JEL codes**.
